Accepted all changes/additions so far and attached a clean version. Andrew/Tara, please add input for the branches to this version. I'd like to get this to Mary/Anna today so a quick look is appreciated.

Thanks,
Steve

I used Jen's latest version, added John's change noted below and my routine meetings as requested. Feel free to adjust as needed. Thanks

Marieka

The only item I see is that the Tuesday PM Planning meeting is bi-weekly not weekly.

Moving other meetings to bi-weekly may be a time saver...

Subject: NCEA-RTP Meeting Landscape

Hi All,

The NCEA EPA Lean Management System (eLMS) team is pulling together a list of routine meetings held across the Center. Attached is a draft of RTP's contribution to this list. This is just a quick information gathering exercise; the goal down the road is to consider efficiency improvements we could bring to our meeting organization and structure. Please take a minute (not much longer) to look over what I pulled together and add any that I may have missed or mischaracterized. We're focusing on routine, mission-specific meetings used to help us do our job, not one-off meetings or infrequent meetings like PARS, SAB, CASAC, lunch-and-learns, etc. Please reply by **COB Wed (tomorrow)** if possible so I can get this to the rest of the eLMS team to merge with other divisions. Don't spend too much time on this; it doesn't need to be perfect.

John – please see if I captured all our routine IO meetings

Marieka – please add your routine meetings with the SEEs or OARS, etc. under the IO heading (or any other regular meetings geared toward performing NCEA-RTP's functions)

Jen – I talked with Ryan but please look over my HERO or OCSPP/PFAS coordination meeting entries, fill in the frequency of your EMAG SR/LS meetings, and add any other regular SR meetings you are on.

Tara – I took a crack at EMAG but I'm not sure about the frequency of the team meetings or any other routine meetings you have with EMAG

Andrew – Please add in any IRIS meetings you or HPAG attend regularly and anything else you can think of (routine BMDS meetings?)

Thanks for your help!

Steve
